

I- Personal Information:

Full Name (English)	Reem Dhafer Alshehri
Academic Degree	Master
Email	Alshehrireem20@gmail.com
Address	Central Labs, King Khalid University, P. O. Box, Abha, AlQaraa, 906, Saudi Arabia Mob. Tel: +966-0540690733, E-mail: alshehrireem20@gmail.com .

II- Research Interests:

Discipline:	Materials Science and their application
Subdiscipline:	Characterization and development of glass for a wide variety of applications, indicating present and future research directions in glass.
Research Interests	✚ Theory, design, device technology, and applications of glass ✚ Optical technology, photonics, and lasers.
Experiences	King Khalid University Laboratory Experience (Academic) Master's Program – Physics (Solid State / Glass Materials) ✚ Hands-on experience through course laboratories and thesis work ✚ Sample preparation and material characterization ✚ Instrument handling and data analysis ✚ Lab safety compliance and documentation
Skills	Research and Data analysis using Origin / Excel Quantitative Research, Statistical Data Analysis, Experimental Design, Mathematical Modeling, Technical Documentation, Hypotheses Testing Technical & laboratory materials characterization, spectroscopic analysis, Equipment Calibration, laboratory safety protocol Software & programming Microsoft Office Suite (Excel, Word, Power point,...), Originlab , Teamwork with academic staff Advanced Problem-Solving, Critical Thinking, Project Management, Cross-Functional Collaboration, Scientific Communication
